# Zookie Set Guide

Every set has its own playlist on the channel. **The cat name is not a level.** It's just a group of stories. Bobcat is the same eight stories at Level 0, 1, 2, 3 and 4, told with more Spanish at each level. **Kitten** is a starter set for Level 0 only.

**How to use it:** find your level, start with the first set, do a story or two a day, and check the box when you can follow it. When one level feels easy, go back to the same set one level up. You already know the story, so your brain can focus on the Spanish.
